Experience

Math-Game Project

Co-developer

Sep. 2020 – Dec. 2020

[GitHub link](#)

A simple web-game that lets you play with mathematical expressions by transforming them according to the selected amount of formulae. My part was developing the playing area, i.e. rendering the expression, parsing clicks and finding appropriate rules.

Education

Saint-Petersburg State University – SPbSU

Major in Mathematics and Computer Science

Sep. 2019 – Present

Saint-Petersburg, Russia

Physics and Mathematics Lyceum №244

Student, GPA: 5 out of 5

Sep. 2008 – May 2019

Saint-Petersburg, Russia

Extracurricular

English Proficiency (C2 Level): Statment of CAE Results

Achievements

National ITMO Olympiad in Informational Technologies

Winner

2018

Technical Skills, Language Skills, and Interests

Programming Languages: C/C++, Python, JavaScript

Favourite libraries: SFML (C++), PixiJS (JavaScript)

Languages: Russian (native), English (fluent), French (elementary)

Primary Interests: Data analysis, machine learning, software development

Other Interests: Game development, web-design
